Factory

DEDICATION *to the*
50th ANNIVERSARY
of the VILLAGE *of*
JOHNSON CITY, N.Y.
formerly
LESTERSHIRE, N.Y.

Editor-in Chief Quick getting Jayseeite subscription from Mr. Eccleston

Dear friends:

This annual of the new series, known as the Jayseeite, has been developed for your pleasure. The Senior Class of January 1942 made a formal request for an annual but due to excessive cost of such a venture it was thought best to have only one each year and include members of both the January and June classes. Marcia Borden, Dorothy Kinney, George Paranagian and Leo Callahan nurtured the hope of a revival of an annual for Old J. C. and the Senior Class of June 1942 have carried their ideas forward.

This book is not meant to be a conventional artists conception of a perfect published book but is developed with the idea of providing a high school student's conception of a scrap book in which to keep the most happy moments of a high school life in picture form. You will find that many of the pictures do not show the names of every person in the picture. This is planned to encourage you to have your friends, in those pictures, write their names by those pictures or even across them. This will preserve, for you, a most precious list of autographs which in your maturing life may mean more to you than you can even now imagine.

We hope the Jayseeite becomes one of your most valued possessions. We have enjoyed producing it for you. As we scatter to the four corners of a new world envolving out of the most serious world struggle in years, this book may contain the only picture and written record of friends who will be doing their share to preserve the Democracy which we have come to love and respect in our happy days at old J. C. Johnson City, in the Valley of Goodwill, a place where many have come from distant lands to build their own homes, work and receive just wages for their own labor, educate their children in full and equal opportunity with every other child, yes, good old Johnson City, a bright and cherished spot in "The Land of the Free and the Home of the Brave".

Everyone of us would fight and die to protect our village, a representative part of this OUR OWN UNITED STATES, land of equality, justice and freedom. Many of our older friends have looked askance at our modern methods of education in schools, such as our own high quality schools in Johnson City, but in the life and teaching in our schools we have learned that we receive rewards exactly equal to our effort and that our just share of life comes to us in due proportion as we invest our energy in keeping alive the spark which made such names as Lexington, Bunker Hill, Valley Forge, Gettysburg, and The Alamo burn into our souls the principle that a man has a right to Liberty and that God cherishes the soul of man who was created in His image.

Never again will we become soft. Vigilance will be our watchword, peace our ultimate objective but not until the world knows the Freedom which we enjoy. Do not worry, fathers and mothers, we may seem "slap happy" as we "jitter" and "jive" hither and yon but it still holds true that "all work and no play does make Jack a dull boy". Our turn to work is here. We are unafraid. Our bodies are full of health, our heads are not bent with persecution and privation. Our thinking has not been bent to the maniacal bigotry of any MASTER OF ISMS. We are free and as free young men and women we will remain free, so HELP US GOD.

ALMA MATER

I Hail the school that friendship's tether
 Firm and true unite;
 Loyal students bound together,
 By the Red and White

CHORUS:

School we love--J. C.--live for aye,
 In our memories.
May we keep the ideals fostered
In our hearts by thee.

II Firmer still as time advances
 May our union be,
 We will strive to serve thee better
 By our loyalty.

CHORUS

III Love and sacrifice blended gladly,
 Thus shall life be bright.
 Hail to thee, Oh Alma Mater!
 Hail, Oh Red and White!

CHORUS

observing mind is
study."

CLASS SONG

of

JUNE '42

Music--

Peter Wojtach

Words--

Theresa Grabowski

Since entering into this school
We've always honored you--
We've made your name reach to
the sky
Hail, Johnson City High!

Hail, Class of '42
The one that's brave and true
We'll hoist our colors to the
blue
And keep on sailing through--

On through the world we'll go
Onward! as our cry,
Success we'll find for we're
from
Johnson City High.

Senior Play saves Senior Annual

George Perrault

A hand-drawn illustration of a pennant flag. The flag is triangular and has the word "BANNER" written on it in a simple, blocky font. Below the flag, the word "YEAR" is written in a similar font. The entire illustration is drawn with thick black lines on a light background.

Senior Play Cast

of

"WHAT A LIFE"

May 1942

To you, members of the cast, we owe everything for making this Year Book possible. The excellent coaching of Alfred W. Little and the fine spirit of cooperation of the entire cast has made the play a huge success.

To those of the faculty who have helped and those who have endured us, to the people who have befriended us, to our friends among our classmates who have known us, and to a grand community which has reared us,

Good-bye and thanks.

Peter Wojtach
